To Whom It May Concern:

We write this testimonial with very happy hearts. We have been publishers working with Lou Hannum, of AmMax Publications, since January 2003. We mail 35,000 magazines a month to 2 different demographics for a total distribution of 70,000. Lee does the networking and sales and Babs does the graphics and the business end. Prior to that, we had been with another firm for 2 years and can honestly say there is no comparison between that company and AmMax Publications.

When we were in the process of deciding whether or not to switch over to AmMax, we were very leery and worried about everything. We had so many questions and we must have called most of the other publishers in this group. All we got was wonderfully positive feedback and in the end we would be a fool if we didn't go with AmMax. We can honestly say, it has been one of the greatest decisions we've made in our business.

The response, respect, and service we receive from AmMax Publications are extraordinary. We feel very comfortable in the future success of our business in that there is no need to worry that our magazines won't get printed and mailed on time. In the very few instances where there has been a problem, it was handled professionally, timely, and succinctly. We would highly recommend AmMax Publications as your most important tool in helping your business succeed.

**Sincerely,
Lee & Babs Townsend
